To Mr. M. Rifat Hisarcıklođlu  
President  
Union of Chambers and Commodity Exchanges of Turkey - TOBB

***Subject: Bulgaria Trade Directory 2011***

Dear Mr. Hisarcıklođlu,

It is my pleasure to present you the 10<sup>th</sup> jubilee edition of BULGARIA TRADE DIRECTORY 2011 prepared and published by the Bulgarian Chamber of Commerce and Industry. It contains information about 6200 Bulgarian companies from 324 sectors of industry, among which a significant number of small and medium enterprises. Thus, we hope to support their development and internationalization.

BULGARIA TRADE DIRECTORY 2011 offers information about the 28 Regional Chambers of Commerce and Industry in the unified system of Bulgarian Chambers of Commerce and Industry, 100 sectorial organizations members of the Council of Sectorial Organizations with BCCI, and 32 joint chambers and councils with foreign participation. A list of 62 industrial zones and parks in Bulgaria has been included in the Trade Directory, with links to their information profiles published on BCCI's website (in Bulgarian: <http://www.bcci.bg/bulgarian/zones/> and in English: <http://www.bcci.bg/zones/>). For convenience we have provided the contact details of 32 governmental bodies and institutions.

It is my believe, that in the current conditions of increased competition on the domestic and international market, the new edition of the Trade Directory will be useful for the business, assisting and encouraging its activity and contacts with potential partners in the country and abroad, and will advertise Bulgarian goods and services.

The information is available in both Bulgarian and English language. It provides opportunities to business communities abroad to get acquainted with the huge potential of Bulgarian economy and the increasing abilities of Bulgarian companies. In this sense, the edition will help them broaden their perception of Bulgarian market and will serve as an original invitation to cooperate with their Bulgarian partners.

BULGARIA TRADE DIRECTORY 2011 as an electronic data base, has been published on BCCI's website as well (<http://www.bcci.bg/services/directory.htm> ).It has more than 1500 Bulgarian and foreign visitors daily.

I will be delighted if with the current letter I have managed to attract your attention to the latest edition of BULGARIA TRADE DIRECTORY 2011.
